

Moonwalkers Class September News

Dear parents,

My name is Ms. Salma and it is my pleasure to welcome you to the Moonwalkers class an exciting time for children to embark on a new journey to learn more and develop.

The topic for this month is 'Amazing me' which offers lots of new lessons and activities that provide plenty of playful and hands-on opportunities for children to get to know themselves and their new friends.

We have begun the week by exploring children's names and names of some friends helping the children to develop friendships with peers also as finding out what are the favorite things they like.

For the second week of the topic, the focus will be 'My body and body parts'. It's time to discover what makes our bodies special. We'll do lots of thinking, exploring, and creating together. Children will learn to name body parts, their location, and that all parts in their body work together like an engine.

On the third week of the topic, the focus will be 'My Feelings'. I will plan activities and lessons to help children to understand, cope with, and express their feelings and emotions, as well as develop and express an awareness of self. Children will be encouraged to express thoughts, feelings, and ideas using language and gestures.

And lastly 'My Home and My Family' please send a family picture of Mum and Dad, grandparents, siblings to help children understand about our families. We will be having a family tree display for children to see those pictures and talk about it during circle time.

Warm regards,
Ms. Salma
