

Stargazers Class September News

Dear parents,

It was a pleasure to meeting you and your little ones this past week.

We are having new children join Stargazers Class which are now settling and adjusting to the everyday routines of nursery. They are also learning the ins and outs of being for the first time in a nursery and we see more smiles and hear increased laughter as each day goes by.

Our goal in the first weeks of nursery is to encourage and help the children to learn about each other and each other's families having as a start-up topic "The Amazing Me".

For this week, I would like you to participate in one of the activities, "The Amazing me" 'Treasure Bag'. This activity helps the children to get to know each other in addition to practicing communication and language skills. Please help your child choose few items (treasures) to pack in the bag, which represents her or his interest and activities such as:

- ✚ Small toy
- ✚ One family photograph (to be kept at the nursery)
- ✚ A holiday item
- ✚ A small toy or a book.

This is just few suggestions of items, so please feel free to be creative. You might want to practice at home after your child chooses what items will be bringing along so that he/she feels more comfortable in talking about it front of other children.

Thank you for your help and we are looking forward to an active enjoyable term.

Regards,

Ms. Georgie
