

Moonwalkers Class January News!

January 2019 Newsletter

Dear Parents,

We have had absolutely amazing first term it was filled with lots of interesting topics.

Moonwalkers have shown interest and enthusiasm for classroom activities which covered the prime areas of learning and development (physical, social and emotional, communication and language).

All the children have made a remarkable progress since September. They have all been working very hard and I will continue to plan more exciting activities for next term to keep improving their skills.

During the last month our little ones were so busy, I can't forget our amazing Winter Concert! The children have surprised me! They were absolutely amazing while dancing and singing. I am so proud of them!

I would like to thank all of our parents for your support and for attending the Winter Concert.

Also it was my honor to talk to you during our parents meeting where we had an opportunity to discuss the development of your child.

We have had a wonderful Winter Camp where I and Ms. Shelley have planned fun activities for children. The winter Camp was an opportunity for children to form new relationships with different ages than theirs, taking part in active learning, developing social, physical and communication skills, expressive arts and understanding the world.

Next term will be focusing on more heuristic learning and enthusiastic topics. I am sure my lovely Moonwalkers will enjoy a lot. We will start January with 'Farm Animals' topic where we will be having a concept for each week such as what is a farm and who looks after; farm animals and their babies; farm vegetables and farm foods and drinks.

Also we will be able to see farm animals in the nursery as we will have a visit from the animals in the nursery. This will be an exciting experience for Moonwalkers.

Events

21st January
Farm Animals Visit

17th January
Inventors Day

22nd January
International Day

23rd January
Moonwalkers Photo Day

30th January
Al Rawaby Farm Trip

31st January
Fire Drill

January 21st is International Day. If you would like your child to represent your country, you can send them in a traditional outfit or with your countries flag. We love to share the diverse cultures we have at Rainbow Valley Nursery.

The International Day is a day to celebrate, we will be having party on that day, details to follow.

For any questions you may have I am always available at the drop off time.

Kind regards,
Ms.Salma
