

Sunshiners Class November Newsletter!

Dear Parents,

Last month Sunshiners have been focusing on sensory play such as painting, water play, and movement activity. We have the little ones getting much more in their feet. We are looking forward to another fun-filled and busy month in the babies' room.

This month's topic will be all about 'Nursery Rhymes'; 'Dinosaurs'; and 'My UAE'.

Sunshiners, have already started the circle time with action songs which we will be focusing during Nursery Rhyme week. Our new shipment from the UK has arrived with a wonderful bunch of books to explore and read. This month we will be also focusing on children's fine motor skills with various types of sensory play such as water, play dough, rice crisps, and cotton. We will be moving around the nursery using the dance studio in the morning and the hallway for babies to practice walking and explore the new decorations for UAE National day, as well as lots of top activity and heuristic play to build up relationships with the new babies starting with us.

I would like to remind the parents to label all your children belonging and always bring at least 2 spare clothes in the bag. Lastly, since the weather is getting nicer Sunshiners will be starting to go to the park. I will communicate to you on the Parent APP the days to which we will be going out as we will be needing your child pram to go to the park.

Regards,

Ms. Michelle
