

MOONWALKERS OCTOBER NEWSLETTER

Dear parents,

My name is Ms. Salma and I would like to welcome your child to Moonwalkers class! I am looking forward to a very successful year ahead, and I know you are too.

Last month was full of new learning activities and fun as we started slowly to get the children settled and make the separation from the parents and the transition as smooth as possible. Last month we had as the topic "All ABOUT ME", which provided plenty of hands-on opportunities to get children familiar with own names; as well as names of family members, such as Mummy, Daddy, Sister, Brother, Grandmother and Grandfather, and learning to call their classmates and their names.

The topic helped the children to discover their body parts as well as their emotions, trying to understand and express their feeling such as happy and sad.

Next month, we will start the new topic of "ABC; Shapes; Numbers and Colours". Our goal during this topic is to:

- Develop an awareness of number names through their enjoyment of action rhymes and songs that relate to their experience of numbers.
- Use number words in meaningful contexts, e.g. 'Here is your other bear. Now we have two'.
- Use counting, colours and shapes words randomly while engaging in classroom activities as well as using language to describe big things and small things in meaningful contexts e.g., by looking at books showing objects such as a big truck and a little truck; or a big cat and a small kitten.

At home, please take the opportunity as parents to participate in children's learning. Some examples can be when picking up fruits or vegetables from the supermarket describe the colours, shapes and how many fruits or vegetables you have placed in the basket.

If you have any concerns, please do not hesitate to contact me. A strong parent, teacher partnership is the key to enhance your child's development and happiness.

Regards,
Ms. Salma
